

## FOR IMMEDIATE RELEASE

### IICRCA POSTPONES OCTOBER EVENT TO 2016

LAS VEGAS – July 27, 2015 – The International Inspection, Cleaning, and Restoration Council of Associations (IICRCA) has announced the postponement of this year’s October event. The IICRCA Event originally planned for October of 2015 has been rescheduled for May 11-14, 2016. The event will be held at the Westgate Las Vegas Resort and Casino as previously planned. IICRCA Chairman Bryan O’Haleck said, “We learned in May that our educational programming needs to be the first priority, and working with constraints inherent in fitting in with an existing show prevent that. By moving the Event to May 2016, we have complete freedom to develop the kind of program that will provide the most benefit to all that attend.”

The IICRCA plans to have a full day pre-event for our member organization directors and staff. Information presented will make running an organization easier, and attendees will be able to make valuable contacts during discussions. There will be a reduced price for IICRCA members. A full conference over three days will feature panels and individual presenters chosen for leadership in their respective fields and quality of presentation skill, with a focus on interactive sessions and discussion. There will be tradeshow during the event consisting of companies from the inspection, cleaning and restoration industries. Live demonstrations and presentations of products and services from the exhibiting companies will take place during the tradeshow. Currently some information will be on our main site at: [www.iicrca.org](http://www.iicrca.org) we will announce our new Event website when ready and continue to add information as it becomes available.

Email any questions to: [info@iicrca.org](mailto:info@iicrca.org) or [admin@iicrca.org](mailto:admin@iicrca.org).

#### **About the IICRCA**

The mission of the IICRCA is to be a global voice for the inspection, cleaning and restoration related industries by uniting allied organizations through education, advocacy, research and networking services to the membership. The organization is the only umbrella group of its kind and is open to trade associations and franchises from across the entire spectrum of the cleaning and restoration industry: building contractors, rug, duct and house cleaners, restorers, industrial hygienists and inspectors or installers of all flooring surfaces, worldwide. Established by the IICRC in 2012, the IIRCA also provides benefits such as group-buying programs, scholarships and other cost-saving tools, to IICRC Certified Firms. For more information, visit [www.iicrca.org](http://www.iicrca.org).
