## **BSR/IICRC S500 Revised Draft Standard Available for Public Review**

LAS VEGAS - [Jan. 13, 2020] – [The Institute of Inspection, Cleaning and Restoration Certification](#) (IICRC) has opened public review for the revised draft BSR/IICRC S500 Standard for Professional Water Damage Restoration. The draft S500 Standard is available from January 10 to February 24 for review.

The IICRC S500 Standard provides a specific set of practical standards for water damage restoration. It does not attempt to teach comprehensive water damage restoration procedures. Instead, it provides the foundation for basic principles of proper restoration practices. BSR/IICRC S500 does not attempt to include exhaustive performance characteristics or standards for the manufacture or installation of structural components, materials and contents (personal property).

The IICRC S500 draft Standard is available for review and comment as part of the ANSI 45-day public review period. Download the revised draft Standard and submit your comments online here: <https://www.iicrc.org/page/SANSIIICRCS500>. All comments must be submitted using the online comment form no later than February 24, 2020.
