

2017 Enterprise Rackmount Servers

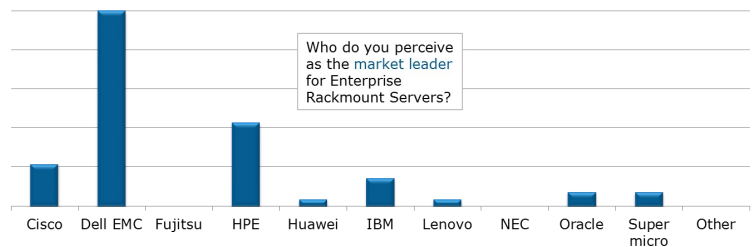

Overview

The 2017 Brand Leader Survey for *Enterprise Rackmount Servers* is independent, non-sponsored research conducted annually by IT Brand Pulse.

Measures perceptions of the people who matter most: IT Pros

IT Pros are the ones who implement data center infrastructure on an everyday basis—making their responses the most valuable. For IT Pros, brand leader surveys provide meaningful data representing the opinions of hundreds of their peers on various products and vendors. For IT vendors, brand leader surveys uniquely reveal how a company is perceived by a cross-section of large enterprise, SMB and HPC IT pros, relative to other brands.

2017 Market Leader Enterprise Rackmount Servers

Feb. 2017 Brand Leader Survey 15

Covers various products with six brand leader categories in each annual survey

IT Professionals are asked who they perceive as Market, Price, Performance, Reliability, Service & Support, and Innovation Leader—from a randomized field of provided vendors or the opportunity to write in an answer choice—in surveys conducted annually for particular product categories.

The following Brand Leader collateral is available per product category:

- ◆ **Award Logos - \$1,500** (One price for up to 6 logos: Market, Price, Performance, Reliability, Service & Support, Innovation)
- ◆ **Standard Infographic - \$1,500** (One price for up to 7 poster-style Infographics: Brand, Market, Price, Performance, Reliability, Service & Support, Innovation)
- ◆ **Brand Leader Profile - \$1,500** (One-page analyst report)
- ◆ **Custom Infographic - \$ 1,995** (Market segment overview, survey results, summary analysis)
