

## APP-6055-RC: Application for Renewal of CGACB Certification to ASSE 6055

### Section 1: Applicant Details

First & Last Name: \_\_\_\_\_

Company (Firm) Name: \_\_\_\_\_

Address: \_\_\_\_\_

City, State: \_\_\_\_\_ Zip: \_\_\_\_\_

Email: \_\_\_\_\_

Contact Phone: \_\_\_\_\_

Submit a digital file (.JPEG preferred) of a clear photograph of you taken within the last 6 months. As shown in the example to the right, photographs should show your head and shoulders taking up most of the area. Photographs must be of you alone, front view, full face, taken in normal clothing without a hat or dark glasses in front of a light colored, solid background. This photo will be used to verify your identity for your exam and will be displayed on your certification credential.

### Section 2: Prerequisite Verification

To qualify for the ASSE 6055 recertification you must meet the requirements found in the **CGA Certification Board (CGACB) Policy & Procedures Manual**:

- 1) Provide evidence of current ASSE 6055 certification credential or certificate.

I have a current ASSE 6055 certification and have attached a copy of my credential card or certificate. Yes  No

- 2) Successful completion of bulk medical gas supply system training (4 hours minimum, including prerequisite courses) in compliance with the current edition of ASSE 6055, *Bulk Medical Gas / Cryogenic Fluid Central Supply System Instructors*.

I have received a minimum of 4 hours of training in compliance with the current edition of ASSE 6055 and have attached a certificate or letter from the training entity, a print-out statement of completion of an on-line program, a letter from a company representative verifying self-directed training, or an alternate. Yes  No

## APP-6055-RC: Application for Renewal of CGACB Certification to ASSE 6055

- 3) Where you are in the direct employment of a firm that designs and / or operates bulk medical gas / cryogenic fluid central supply systems, you must provide the table of contents from your employer’s standard operating procedures (SOPs) for bulk medical gas supply system installations. At a minimum, the table of contents must include (a) a list of SOPs by name and (b) the effective date of SOP table of contents.

OR

Where you are not in the direct employment of a firm that designs and / or operates bulk medical gas / cryogenic fluid central supply systems, you are considered a consultant and meet the requirements of the FDA CGMPs defined in 21 CFR part 211.34 (Consultants).

3a. I am currently employed by a firm that designs and/or operates bulk medical gas / cryogenic fluid central supply systems.

3a. Yes  No

OR

3b. I am currently employed as a consultant meeting the requirements of FDA CGMPs as defined in 21 CFR part 211,34 and have attached a description of a consulting services I provide, and the name and address of the consulting service that I represent.

3b. Yes  No

(If answering Yes to question 3a) I have provided my employer’s standard operating procedures (SOPs) for bulk medical gas supply system installations. A member of my Quality Control Unit has completed and signed the SOP verification (see Section 6).

Yes  No

### Section 3: Certification Fees

The ASSE 6055 recertification exam registration fee is \$195 (USD) and includes your application review, registration, exam scheduling, and initial exam session\*.

\*NOTE – This fee does not include travel to client locations for on-site exams.
