

Before and After School Child Care Program 2019-2020

The program provides parents the opportunity to have their child in a safe environment before school, 7:00 a.m. onward, and after school until 6:00 p.m.

This is a flexible program. Students may attend one of our other After School Enrichment Programs, then go to the Child Care Program until their scheduled pick up time. Parents decide the days and hours to use the program. You only pay for the time that you use.

The Child Care Program is offered Monday through Friday when school is in session, from 2:15 p.m. dismissal to 6:00 p.m. The school calendar identifies the days when the Child Care Program is not offered, usually the day before vacations and some early dismissals. Children should bring an Allergy Aware snack, per our Allergy Aware Policy, to have in the afternoon. Allergy Aware snacks can also be purchased through our cafeteria program, through their lunch account.

The cost of the program is \$7.00 per half hour or portion thereof. Each additional sibling is \$3.50 per half hour. The fee after 6:00 PM is \$5.00 per minute.

Please complete this portion of this form and return it to school. I am interested in enrolling my child/children in the After School Program.
