To whom this may concern,

IRS and our staff have worked with Agustin (Gus) Belmontez on approximately 5 projects over the last 6 years. We have enjoyed our relationship with Gus and his team. It is our belief that Gus's approach to a project is truly a team approach and he brings years of knowledge and experience as well as qualified staff to his projects. Because of the excellent team mindset, which facilitates an excellent end product for the owner and end user, we have referred many potential clients to him to utilize his services as well. Gus Belmont has always been receptive to investigating alternative ways to approach a project and situation.

I am happy to offer this letter of reference, and if there are any questions regarding Gus Belmontez's services from the perspective of a federal agency, please don't hesitate to contact me at the number below.

Sincerely,

Kim Tresnak
