PR TEAM

This year California Rainbow has made halloween flyers and handouts for use at trunk or treat parties or just plain ol' trick or treating! Please use the provided flyers, handouts, and instructions.

Instructions:

1. Print out the provided candy and door flyers, make sure you have enough for all the girls in your assembly!
2. Cut the candy handouts out.
3. Tape the candy handouts onto pieces of candy and the door flyer onto your door, trunk or anywhere you may have trick or treaters or parents.
4. Hand them out to all the cute little ghouls and be ready to give the spookiest elevator speech you have!

Tips or treat!

Hold a candy handout party at your next meeting and get all the girls together to help tape!

Put a flyer on all homes of your assembly!
