

Guidelines for Using Personal Membership Assessment

- This is a tool for assemblies to use before their RUSH events.
- We ask that on one of your Virtual Assembly Meetings in September that you fill this out together as an Assembly!

- Remember to reach out to the girls you identify about your upcoming RUSH events. Make sure you also provide them with information about our organization that will address their target interest. Following through is key!
- Use this worksheet with your girls as a continued resource before your Assembly membership events and throughout every term!

- Before contacting the Membership Team with questions, consult the example document.
- Contact the Membership Team at caiorg.membership.team@gmail.com for any questions.
