South Carolina Farmers Markets

Farmers Market Registration

Community-Based Farmers Markets are markets where two or more farmer/producers sell their agricultural products directly to the general public at a specific location, which includes fruits, vegetables, meat, fish, poultry, dairy, grains, etc. The South Carolina Department of Agriculture is dedicated to help market SC Community-Based Farmers Markets. Part of this marketing is to list our markets on our website <https://agriculture.sc.gov/where-to-buy-local/community-based-farmers-markets/> If you manage a market and you want to spread the word to consumers, please fill out this form and return it today!
