ABOUT ME

Gary Bennett brings his passion and experience to life as a SAG-AFTRA audiobook narrator. He has always loved reading and telling stories, making connections to the characters and helping to bring those characters to life.

Born in California and raised in Montana, Gary now calls the greater Seattle area home with his wife, two children and three dogs. With degrees in Electrical Engineering and Business Management, Gary has a passion for all things technical. When not reading or narrating books, he often finds himself either practicing his mad guitar skills, playing in the great outdoors by hiking, skiing and snowboarding, or in the air as a private pilot.
