### What do Docents do?

*Docents serve as guides for museum visitors. They also help our guests enjoy a more casual touring experience. When there are no visitors in the museum, docents can refresh their knowledge of local history and the museum displays, our marketing and tourism materials, or they can work on projects. Almost everyone's passion and/or skill set can be useful in the areas listed on the following page. Docents who want can also assist with off-site presentations and events. But the most important goal is that we ensure every visitor feels like they have made new friends here at Flagler Beach Historical Museum.*

### Docent/Host Availability:

Please list your availability and scheduling preferences including any times you are unavailable. This does not commit or limit you to specific times, but it does help us plan both your schedule and your training.

The Museum is currently open for two three-hour shifts Monday through Sunday 10am-1pm and 1pm-4pm, plus the first Friday of every month for Flagler Beach's First Friday.
