Calvary Murrieta Preschool

*"Let the little children come to me,
and do not hinder them,
for the kingdom of heaven
belongs to such as these."*

Matthew 19:14

Our Commitment

Calvary Murrieta Christian Preschool is a Christ-centered school with Christian educational goals and objectives. We are part of the overall ministry of Calvary

Chapel Murrieta and exists as an outreach to the families and children in the community. Our mission is to partner with Christian families to educate, equip, and disciple students for a life-long commitment of loving and serving Christ.

We are committed to meeting the needs of young children while fostering caring and lasting relationships with families. Our program offers age-appropriate activities to promote positive learning experiences throughout the day.

Our staff of Christian professionals are carefully selected for their education, experience, dedication, and desire to work with young children.

With God at our center and parents as our partners, our goal is to nurture the whole child to grow in physical, emotional, social, creative, cognitive, and spiritual areas of development.

Our Enrichment Program

We believe that children learn by actively participating, exploring, and discovering (Proverbs 20:11). Our spacious classrooms are equipped and arranged for children to engage in activities that capture and hold their interest. Our teachers provide a balance of playtime with structured learning experiences that include pre-reading and writing, pre-math, science, social studies, music, art, language arts, gross and fine motor development and spiritual development. Our program is designed to provide endless active learning opportunities that:

- Place an emphasis on Christian values
- Encourage learning God's Word through Bible stories, songs, chapel, and daily activities
- Engage children in hands-on learning
- Promote literacy and language development
- Build pre-math skills
- Encourage children to explore, question, experiment, and discover answers
- Encourage physical development and build large and fine motor skills & coordination
- Promote creative art and music activities
- Explore God's world through science and nature activities
- Encourage health, safety, and nutrition
- Include dramatic/imaginative play
- Build social-emotional skills, cooperative play, and friendships

Our Classrooms & Curriculum

We offer full and half-day classes 2, 3, or 5 days a week for children ages 2 years 8 months to 5 years old (toilet trained required).

We provide an academically based, age-appropriate curriculum that encourages creativeness, cognitive thinking, social and verbal skills, spiritual development, following directions, and physical development. This is achieved by offering a flexible daily schedule that includes circle time where we learn to work together, listen to stories, share ideas and questions, sing songs, and play games. We believe children learn by doing, so our classrooms are designed with a variety of active learning centers and the children have opportunities throughout the day to explore in meaningful, hands-on experiences such as:

- Block Play in the Construction Zone
- Creative Arts
- Music & Movement Activities
- Science & Nature Discovery
- Dramatic Play
- Reading and Writing Centers
- Math and Manipulative Materials
- Outdoor Physical Activities

Our curriculum allows for observation and recording of each child's on-going growth and development. This information is used to assist teachers in planning themes, projects, and activities.
