Summer Camp

June 7 – July 23, 2021

We understand how important it is for your child to have a safe, fun, active, enriching, and educational summer experience. That is why we have a fun and exciting Summer program planned for your child this year.

We will be in session in June and July. Please know we will go above and beyond in meeting all health and safety requirements to provide a clean, healthy, and safe environment for your child. We have some awesome themes we will be presenting with lots of fun and academic activities to keep your child busy learning and playing throughout the day. Each week is filled with Bible lessons, arts & crafts, small group learning centers, cooking activities, science experiments, STEM activities, outdoor play time, and water days to stay cool in the hot summer heat! Your child will experience the thrill of learning in a fun, hands-on way this summer!

Children ages 2 years 6 months (and fully potty-trained) through 6-years old are welcome to be a part of our Summer program.
