

LeviCell Workflow

The LeviCell systems offer a revolutionary workflow in its simplicity, speed, and reproducibility. Unlike traditional cell enrichment methods, the system requires only 3 hands-on steps and less than 20 min from start to finish.

80%

Less time and fewer steps required to operate vs. competing technologies

*1e6 cells; assume 12,000 events/sec
 **10e6 cells; assume 12,000 events/sec
