

2020 MAG National Championship Format

Version 1.4 / Last Amended 12/01/2019

I. Overview

In order to ensure the continued competitiveness of the NAIGC MAG competition as well as maintain our commitment to inclusive opportunities for competitors of all skills and ages, the NAIGC MAG 2019 National Championships will have three **levels**: NAIGC Modified NCAA, NAIGC Modified Level 9, and NAIGC Modified Developmental. Registration and finals qualification for these levels will NOT be based on collegiate eligibility. In order to offer collegiate teams an opportunity to compete against each other, while also offering a competition that provides open competition regardless of educational qualifications, awards will be given in **awards categories** based on collegiate eligibility. Awards categories will be determined automatically based on the collegiate status of team members. Teams will be assigned to collegiate or community competition based on the status of its' members. In the event that an awards category is underrepresented in finals, awards will be given based upon prelim performance. The NAIGC will only offer finals in Modified Level 9 if a finals competition will be adequately competitive. If fewer than 50 athletes are registered for any event OR fewer than 8 teams are registered for a Modified Level 9, then finals will not be offered. We don't currently have capacity on our MAG equipment to offer finals for Modified Developmental.
