Description: Are you sick of playing or singing the same old songs at home all by yourself? How about teaming up with some friends and other musicians of the same caliber and forming a **band**? Our team of teachers will coach you and your friends through how to practice, pick songs, improvisation on your instrument, arrange music so that it becomes truly yours, how to write your own songs, perform and record! All this experience is yours for the taking at **David's Music House's Band Lab Total Music Experience Workshop**. Don't know any musicians? This is a great opportunity to get out there and meet other musicians with the same interests as you!

This weeklong workshop includes guest performances from area musicians who collaborate with each other; performances by our own team of teachers here at David's Music House, on stage practice opportunities, a **studio recording** of your band and a night of performance where **YOU** are the headliner on our coffee house stage! Let us help you become the musician you need to be to get out there and be heard!

Each class has a maximum occupancy of 21 students so do not delay! Sign up now and guarantee your student's spot on our coffee house stage in our Total Music Experience Workshops!

There will be a \$50 non-refundable deposit due at signup.
