

THE CHILDREN'S CAMPUS
ROOM 2
OCTOBER NEWSLETTER

Dear Parents,

Autumn is here! Since autumn is here, we are starting this month off by talking about FALL and the great things that happens in Fall. We have lots of fun activities for our toddlers to do inside & outside the classroom to help them develop in all areas.

The next weeks theme is LEAVES & TREES. The children will have fun ripping fall colored construction paper to make a fall tree.

What things are ORANGE & BLACK? We will have fun looking for these colors in the classroom. The children will also have fun painting orange pumpkins.

What are two things that grow well in the fall APPLES & PUMPKINS. The class will have fun seeing what is inside a pumpkin. How does the inside feel and are there seeds inside?

We are planning many activities to help our toddlers to grow developmentally. We are working on helping our toddlers grow their vocabulary by talking inside and outside the classroom with this month's theme. Along with doing activities to strengthen their fine motor and gross skills.

We are happy to have a great group of toddlers.

Ms. Shenice & Ms. Sharnae

Weekly Themes

October 5th-9th **Fall**

October 12th-16th **Leaves & Trees**

October 19th-23rd **Orange & Black**

October 26th-30th **Apples & Pumpkins**

Home Connection:

Please feel free with this month's theme to bring in any items you think our toddlers would like to explore. We would like your input also about anything dealing with your child's milestones and development.

Reminders:

Since Fall is here the weather is cooler so please bring in coats. We do go outside when it rains so please provide raincoats or rain boots. Please provide a pair of extra changing clothes for your toddler just in case we need to change their clothing. Also we are still encouraging our toddlers to eat with their spoons so please help us by doing the same at home.
