Approximately 15% of the Endowment was positioned in mutual funds containing fixed income (i.e., bonds) securities and cash, and the remainder of the portfolio was invested in mutual funds containing alternative assets, such as real estate, energy, natural resources and commodities.

Performance

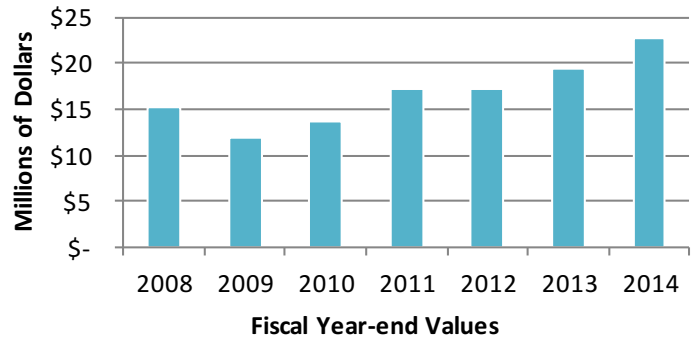

Performance of the Endowment in fiscal year 2014 was 20.3%, outperforming the benchmark (17.0%). All asset classes in the Endowment had positive returns for the fiscal year, and all equity asset classes had double digit returns.
