

ARTS & BUSINESS COUNCIL OF GREATER NASHVILLE

PERISCOPE: ARTIST ENTREPRENEUR TRAINING

Nashville's community of artists and makers is growing at a rapid pace. As more artists shift away from traditional day jobs into creative enterprises, they face new challenges that come with running a small business. **The success of these arts businesses is critical to the growth of Nashville's creative economy.**

The Arts & Business Council has a decade-long track record of teaching Nashville's arts community effective techniques to bolster business and expand the arts through seminars and sold-out intensive trainings. In 2014, the Arts & Business Council partnered with key organizations to launch **Periscope: Artist Entrepreneur Training**, which provides **comprehensive small-business training** for high-caliber artists of all creative disciplines:

Periscope is an eight-week intensive training opportunity hosted at the Nashville Entrepreneur Center that empowers working artists to see their vision through an entrepreneurial lens. Coupled with break-out sessions facilitated with Nashville's top arts professionals, and one-on-one mentorship with a high-caliber business mentor, Periscope is designed to be a transformative experience for each artist, sparking the moment when their career will really start to take off. Periscope class members have found the experience transformative with one artist reporting that **"Periscope rerouted my brain and prompted me to think in a different way."** Another shared that the class **"was a game-changer for monetizing my creativity!"**

***Periscope: Artist Entrepreneur Training* is valued at over \$1,200 per participant. Please help us continue to offer this program at an accessible tuition of only \$200 per artist for the whole experience.
