We are currently seeking a **Mechanical Technician** within the Assembly area to join our growing team. In this position you will assist in custom production needs, specifically in the Assembly area, but also adaptable to work in other areas as needed. Prior experience or interest in learning CMM and Quality Control is a plus.

## Responsibilities:

- Reading from blueprints and drawings to accurately assemble parts together
- Use hand and power tools
- Checking part numbers against BOM to select correct part numbers to use in assembly of jigs and other fixtures
- Understanding and practicing safety procedures
- Flexibility to assist in other areas of the shop as needed
- Must be able to travel occasionally for customer installs

## Qualifications:

- High school diploma/GED is required
- 2+ years of manufacturing experience
- Must have a strong mechanical aptitude
- Ability to read blueprints and understanding how the final product should look
- High attention to detail is a must
- Must be able to use measuring devices including tape measure, micrometers, and calipers
- Must be able to provide own tools after starting
- Excellent communication skills and ability to work with team and independently
- Must be able and willing to work overtime as needed

- Excellent attention to detail. Job requires being careful about detail and thorough in completing work tasks.
- Excellent communication skills and ability to work with team and independently

**Benefits:**

- Competitive Salary
- Medical/Dental/Vision
- Dollar for dollar matched 401K Safe Harbor plan
- Short/Long Term Disability available
- Company paid life insurance and voluntary life insurance
- Many voluntary benefits available, including Accident Insurance, Critical Illness Insurance, Group Legal Services, Identity Theft, and Pet Insurance
- Formal and on the job training
- Employee purchase program
