Re: Exhibition Park Redevelopment

To Whom It May Concern:

As the Destination Marketing Organization for Southwest Alberta, Chinook Country Tourist Association is happy to support the efforts involved in the redevelopment of Exhibition Park in Lethbridge, Alberta. Chinook Country has over 250 members in Lethbridge and region who are reliant upon tourism as their main source of business. Therefore, the development of facilities that will draw additional visitors to our region is welcome.

We are hopeful that the proposed plans to improve Exhibition Park will be realized. Not only will convention and meeting space benefit the citizens of Lethbridge, but will be a draw for out-of-town corporations and businesses to come to this great city in Southwest Alberta. We guarantee that Chinook Country Tourist Association will be fully committed to this initiative and supportive of the redevelopment of Exhibition Park to the best of our abilities.

Please contact me if you have any questions.

Sincerely,
