

**Jim Hillyer**

*Member of Parliament  
Lethbridge Constituency*

---

February 7, 2013

To Whom It May Concern:

As the Member of Parliament for Lethbridge, I have recently been updated on Exhibition Park's redevelopment project and understand that the enhanced economic and quality of life potential for Lethbridge and the broader community of Southern Alberta, is exponential.

Funding for such an expansive project will require diverse resource acquisition; therefore I am supportive of Exhibition Park's efforts in securing federal government financial support, if this well-established organization meets all of the qualifying funding requirements, as outlined by specific department criteria.

Exhibition Park's vision for the future is valued by our community and I wish the organization the very best as the move forward with redevelopment plans.

Sincerely,

Jim Hillyer, MP
