A. Cedar Creek Hospital Inpatient Contract – M. Measel-Morris

This is a new Inpatient Services contract with Cedar Creek. The contract inpatient rate per day is $975, if we chose not to do a full inpatient contract and had only a Letter of Agreement, the rate would have been $2,000 per day. This facility is licensed to house 18 adults and 16 minors.

Discussion: Ms. Jowett-Lee asked for an explanation on how payment is made with a person who has Medicaid vs private insurance. Ms. Johnson replied that private insurance is billed first and if the individual has Medicaid or no insurance authorization is provided through CMH.

MOTION CARRIED
D. Hope Network Behavioral Health-Harbor Point Lapeer Contract Amendment – M. Measel-Morris

The purpose of this contract amendment is to adjust the contract rate for Hope Network Behavioral Health Services for one new placement at Harbor Point Lapeer. The individual targeted for placement is being discharged from Caro Regional Facility.

E. Mayfield Group Home Purchase – D. Johnson/K. Farr

Ms. Johnson advised the Board that the agreed upon amount of purchase of the home was $248,000; pending Board approval. A home inspection was conducted and the home was found to be in good condition. The mechanical system and roof are new. The big cost items to be fixed in the future would be the driveway and the sidewalk may need some leveling. The was some water found in the crawlspace; however, we believe that better direction of the downspouts and adding window wells around the crawlspace, vents and a vapor barrier will alleviate the problem.

It was moved by Mr. Smith, seconded by Ms. Jowett-Lee, to approve the purchase of the Mayfield Group Home in the amount of $248,000.00, as presented. MOTION CARRIED

Ms. Johnson stated that Ms. Farr has completed her research with regards to financing options. She received financing options from Northstar Bank, Chemical Bank and Eastern Michigan Bank. Each were presented with a down payment of 20% ($50,000) and interest rates were based on a “qualified tax exempt loan.” All of the banks offered a 10 year amortization with a 5 year balloon.

Mr. Smith questioned why we are doing a 10 year amortization with a 5 year balloon and not a 15 or 30 year fixed rate. Ms. Farr stated that this was the recommendation from all the banks and then we could renegotiate after the 5 years. Mr. Essian stated that the 5 year is typical with the renegotiation for a commercial loan. Ms. Farr stated that the longer the amortization period the higher the interest rate. She did ask each bank to give her the best financing options available.

It was moved by Mr. Smith, seconded by Ms. Ames, to secure funding for the Mayfield Group Home through Eastern Michigan Bank authorizing Executive Director Ms. Johnson to sign all related documents, as presented. MOTION CARRIED

I. Blue Water Developmental Housing: Supported Living Arrangement Contract Amendment – K. Farr

Ms. Farr stated that Blue Water Developmental Housing requested a rate adjustment (increase) for its Supported Living Arrangement program due to the impact of vacancies experienced. The rate adjustment may be up to $115,000 for FY 2018 based on actual occupancy.

It was moved by Ms. Serafin, seconded by Mr. Rieves, to approve Contract Amendment #8 with Blue Water Developmental Housing for its Support Living Arrangements for the period of October 1, 2017 through September 30, 2018, as presented.

**Discussion:** Mr. Smith requested further explanation with regards to how the vacancies occur and rates. Ms. Farr stated that the rates were determined at the beginning of the year based on the projected residents in the Home Of Your Home. If an individual leaves home, e.g. hospital stay, left the home, Special Olympics, etc., they still have to have the same staffing level; there is a fixed cost for the staffing.

Mr. Essian questioned how often this might occur that a contract exceeds the $50,000 and would be brought back to the Board. Ms. Johnson stated that this typically only occurs within the residential system. She noted that the other providers receiving a 2% increase will be specialized foster care providers; but this amount will be under the $50,000.

**MOTION CARRIED**

X. INFORMATIONAL ITEMS

A. Finance/Contract Management – K. Farr

1. June Funding Bucket Report & Financial Statement

   **June Funding Bucket Report:** Provided by Ms. Farr was the nine-month status report covering the period of October 1, 2017 through June 30, 2018. Currently we are running a surplus of $1.158 million in Medicaid and Healthy Michigan. Discussed earlier was how the surplus funds will be spent and put back into services.
In General Fund we are running slightly under budget in the revenue with a surplus of $63,000 year-to-date. We do not have any SED or Children’s Waiver deficits that we are covering at this time.

Year-to-date expenditures overall through June are running $1,097,000 under budget. This is due to the significant number of budgeted vacant positions. In addition, we had contractual expenditures that ran under budget mainly in the areas of Autism, Children’s Crisis Residential Grant, Physicians and Blue Water Area Transportation.

Residential Service Expenditures are approximately $128,000 under budget; hospital expenditures are under budget by $90,000 and the HIP Grant was running under budget by $83,000.

Financial Statement: Ms. Farr stated that we have sufficient total current assets to cover our current liabilities. Our current net position is just under $7 million. When factoring in the long-term assets and liabilities, this leaves us in a net position. However, there are no concerns at this point.

2. FY 18 Projection

In addition to what was discussed earlier to be covered with the surplus, Ms. Farr stated that she would like to have the Board endorse putting a 2% contribution to the OPEB (Other Post Employment Benefit) Plan in the amount to $120,000.

It was moved by Ms. Jowett-Lee, seconded by Ms. Serafin, to move the 2% OPEB contribution in the amount of $120,000 to an Item for Action, as presented **MOTION CARRIED**

B. St. Clair Operations – K. Gallagher

1. SUD Programming

Ms. Gallagher stated that we are looking into becoming a straight Substance Use Disorder (SUD) Provider. How this differs is that we currently can only provide SUD services to those individuals experiencing a co-occurring disorder (substance use and mental health diagnosis). In becoming an SUD provider we would be able to serve those individuals with strictly a substance use disorder which would fill a badly needed gap in the community; we would have to do this anyway if we become a CCBHC. Currently there are no psychiatric outpatient services available for those individuals with strictly a SUD diagnosis and provide medication assisted outpatient treatment which Dr. Saced can provide.

Ms. Johnson stated that we do need to negotiate a higher rate for psychiatric services with Region 10 and have made them aware of this. The current rate does not cover our costs for psychiatric services.

Ms. Johnson along with Ms. Pingitore attended a meeting with Ms. Karry Hepting, County Administrator and Mr. Kurt Weston and Mr. Greg Owens, Road Commission with regards to the retiree healthcare. The changes are for the Medicare Advantage Plan. Currently there are 590 retirees that receive healthcare and have the Medicare Advantage Plan as the supplement. There are 193 retirees that are under the age of 65. If they are able to get this one change, it will result in a significant savings to the plan. Ms. Hepting stated that she believes CMH may be fully funded or close to it in the OPEB part should this change occur. There is a meeting at 4:00 pm this Thursday, August 9th regarding the change in order to discuss this change with the retirees.

XII. BOARD FORUM

A. Board Policy: CMH Board Member Meeting Attendance – M. Measel-Morris

This policy is currently up for review. In the Standards Section is states that “the Chairman of the Board shall be notified of non-attendance by a Board member of four (4) consecutive Board meetings or six (6) Board meetings per year.” Since Board meetings have been changed to one per month it was suggested that the language be changed to read “three (3) consecutive Board meeting or four (4) Board meetings per year.” This would be consistent with the Region 10 Board which meets only one time per month as well. Board members concurred with the change.
B. Advisory Council Meeting Minutes (07/25/18) – M. Serafin

Ms. Serafin noted that the meeting minutes reflect what took place at the meeting. She noted that the change in meeting day to Wednesday from Thursday has resulted in increased meeting attendance.
