Learning to draw and paint can be a challenge - but it can also be a lot of fun. Painting allows you to express your thoughts and feelings without words, providing you a unique voice with which to communicate with the world, all the while developing your creativity and imagination. If you would like to learn drawing and painting techniques, or how to do pottery in a friendly and supportive environment, the CMH art class is right for you!

Pictured below are examples of artwork created by St. Clair County CMH art students.
