IX. INFORMATIONAL ITEMS

A. Finance – K. Farr

Funding Bucket Report: Reviewed by Ms. Farr was the four month Funding Bucket Report covering the period of October 1, 2018 through January 31, 2019.

She noted that we are running over budget in the following areas:
- Year-to-Date Expenditures: Approximately $231,000
- Payroll Costs: Approximately $221,000 over budget mainly due to Union negotiated wage adjustment at contract ratification that was not in the original budget
- Contractual Costs: $177,000 mainly in the Medical and Autism departments. The Actual Contract Physicians department is running $141,000 over budget while the Physician’s payroll costs are running $43,000 under budget. Net deficit of $98,000

We are running under budget in the following areas:
- Residential, Supported Housing and Self Determination: $212,000; approximately $75,000 unspent at the new Lincoln House, $70,000 budgeted for placements that have not yet occurred, approximately $37,000 in Supported Housing, and approximately $30,000 in Residential due to occupancy
- Contract Agencies: $205,000. Specifically Community Living Supports is approximately $29,000 under budget, Community Enterprise and CLS are $133,000 under budget due to program closures related to weather, and collective the remaining agencies are running $43,000 under budget
- Contract Outpatient: $43,000

Additionally, the Medical Equipment (091s) are running approximately $38,000 over budget and Hospitals are running approximately $308,000 over budget. The hospital overage is due to McLaren not having any open beds and our placements are going to higher costing facilities. Typically at this time of year we see a reduction in admissions but this has not yet occurred.
Technology, Software, Network expenditures and building related expenditures are collectively running approximately $53,000 under budget.

Ms. Farr stated that she anticipates doing a budget amendment in April.

Region 10 PIHP Contract Funding: YTD Medicaid Expenditures are running approximately $122,000 under the FY 19 Budget with a YTD surplus of approximately $468,000. YTD Healthy Michigan Expenditures are running approximately $330,000 over the FY 19 budget with a YTD deficit of approximately $677,000. Overall we are running a deficit from Region 10 PIHP Funding of approximately $209,000.

General Fund: The total YTD Net Deficit for St. Clair CMH GF Contract Funding is approximately $61,000.

Mr. Essian asked Ms. Farr if she had anticipated being over budget. Ms. Far replied no, because we were still in Union negotiations and, at that point, the ratification bonus had not been discussed. She stated that she is not concerned at this point; she anticipates that this will be corrected. She stated what she is surprised about is the increase in individuals for Healthy Michigan. Ms. Jowett-Lee asked if we knew when someone switches from Medicaid to Healthy Michigan. Ms. Farr replied not necessarily, the case holders have to catch it. The FIPA Techs run a report each month for those individuals who lost Medicaid from the previous month and they investigate why. They also look at new Healthy Michigan enrollees and what they were the previous month. It can be a full month before we know. Ms. White asked how individuals lose Medicaid. Ms. Gallagher replied if they don’t complete their paperwork in a timely fashion and sometimes when they reapply they may have had regular Medicaid and now they have Healthy Michigan.

Financial Statement: In reviewing the Statement of Net Position, Ms. Farr stated that our Total Current Assets are $13,433,398 is sufficient to cover our Total Liabilities of $7,898,846. Our Current Net Position is a positive $5,534,552. When factoring in the Non-Current Assets and Long-Term Liabilities our Total Net Position is a deficit of $14,162,201. She noted that the Net OPEB Obligation of $14,456,335 was approximately $7.4 million; this is the first year we were required to report our full obligation.

In reviewing the Statement of Activities/Revenues, Expenses and Changes in Net Position, Ms. Farr stated that for our three funds (Operating / Building / Healthcare) our Total Operating Revenues is $19,992,937. Our Total Operating Expenses was $20,256,222 leaving a deficit of $263,285. We had other Operating Expenses of $72,647 which left a Change in Net Position deficit of $335,932.

In reviewing the Mental Health Operating Budget and Actual Comparison Ms. Farr stated that there weren’t any significant overages or underages other than those brought up when discussing the Funding Bucket Report. This will continue to be monitored.

B. St. Clair Operations Update – K. Gallagher

1. LGBTQ+ Support Group

Reviewed with the Board was a proposal to sponsor a LGBTQ+ (Lesbian, Gay, Bi-Sexual, Transgender, Questioning+) Support Group for youth ages 14-20 identifying as LGBTQ+. Currently we have teens going to Ferndale for a support group and for others this is not feasible or accessible. This Support Group will be offered at the Center of Port Huron. Individuals do not have to be receiving CMH services to attend. Marketing will commence shortly for this group. This group should start within the next month.

2. Rate Restructuring Grant

This grant is for competitive/supported employment. Ms. Lisa Mills, the Rate Restructuring Consultant from Wisconsin, came in to meet with us and our employment service providers. Everyone was excited about the new concept. Part of the problem with competitive employment services is that if people in the fee-for-service world do a good job this program doesn’t make money. It doesn’t incentivize the employers to find jobs for these individuals because their services end. The way this program works is that the service provider will still receive incremental payments throughout some years.
3. Employee & Team of the Month

Employee of the Month for January was Barbara Sudomier. Ms. Sudomier is a nurse within the Assertive Community Treatment (ACT) Program. She is always ready to assist the team in any way, even if it doesn’t involve nursing. One example is Ms. Sudomier rearranged her schedule and provided transportation to an individual receiving ACT Services because they needed a ride to court within a half hour and no one else was available. In one particular case she sat with an individual in a doctor’s office for three hours because they were diabetic and their sugar was extremely high to ensure they were okay and received proper treatment. Ms. Johnson stated that she is 1 of the 5 staff that Ms. Johnson received a thank you from for the 2% staff increase not to base.

Team of the Month for January was our Website Design Team (Dann Hayes, Karen Zultak, Sarah Herrle-Tucker, Jill Vandenabeele and Mark Hutchinson). Hopefully you have visited and seen our new Agency website. Ms. Vandenabeele did the majority of the work and we are lucky to have her! It took a long time but they wanted to make sure it came out correctly. It is very easy to navigate on your smart phone!
