The next round of funding for the CCBHC grant begins September 1, 2020. We are currently being told that due to the overlap in funding we are not eligible to apply for the next round. Advocacy efforts have begun. Employees and individuals receiving services have been writing letters to our GPO and local legislatures. Letters of support for the CCBHC have also been written by many of our community partners: Chief Coach from Clay Township, Sean O’Donnell resource officer, SMR Automotive, the Port Huron Police Department, and Chief Hyslop from the Marine City Police Department. Ms. Johnson, Ms. Zultak and Officer Matt King from the Sheriff’s Department are scheduled for a Fly In to Washington DC in March to meet with legislatures. Establishing sustainability has been a goal since receiving the grant. Ms. Johnson discovered that if we are not permitted to apply for this round there will possibly be another opportunity to apply in May. Ms. Johnson stated that she does not believe it was SAMSHA’s intent for us to open access and increase services to more individuals and then
discontinue them. Ms. Johnson stated that we are doing everything we possibly can to continue what we have started.

There are several models being considered however it is now looking like they will consider having a minimum of three Regional SIPs in the state opposed to the ten regions that we have now and would manage both physical and behavioral health needs is the model that is being favored.
