

Chi Alpha Campus Ministries

Gregg & Erin Glutting

April 2017 Prayer Letter

Dear Friends:

Candidates and "GO" Missionaries

On March 18–24, 2017 an excited group of missionaries met in Springfield, MO. Half of them were being trained as candidate missionaries and the other half were being commissioned as career missionaries. Since, Gregg coached the Chi Alpha missionaries in this group, it was tremendous to pray with them as newly appointed missionaries.

Candidate Orientation Training

Gregg enjoyed training
this new group of

missionaries for their support raising efforts. It was exciting to invest in a variety of leaders, Chi Alpha missionaries, missionaries to Jewish people and missionaries (former Muslims) to Muslim people (to name a few). Hakim (not his real name) shared how "free and confident" he felt as God ministered to him

through the spiritual foundation material Gregg presented. Understanding who he is in Christ and his position in Christ for missions had a tremendous impact on his life. He and his wife will be working to reach Muslims for Christ in the Washington DC area.

Alaskian Missionaries

Erin and Steve Pavek are Chi Alpha Missionaries to Alaska. During a training lunch with Gregg they shared a great testimony: At their recent ministry retreat they had 220 students attend and 60 students respond to being filled with the Holy Spirit.

Pray for God to continue to work powerfully through

the Paveks, to reach collegians for Christ on university campuses in Alaska.

Please Pray:

Gregg is now on his own support raising journey. He raised his previous national appointment ministry budget in 2004. Due to a shift in a funding

source and beginning a new 4-year missions term, he's working full time at re-raising his missions funding. Currently the Gluttings are at 55% of their missions budget. Please pray with us for new financial and prayer support.

Over this past week, Erin experienced a notable increase in strength and is able to do much more. The concussion (from the car accident, Feb 21) has improved but continues to be a challenge. She'll begin therapy this week.

Please pray for complete healing for her collarbone and all symptoms related to concussion. Gregg's back has improved considerable from the accident but still needs prayer for complete healing. Our God is a BIG GOD!

Thank You!

Thank you for your investment in us! Thank you for helping to reach collegians by placing university missionaries on campuses across America!

We love and appreciate you!
