What is *Plein Air* ?

Plein air painting is about leaving the four walls of your studio behind and experiencing painting and drawing in the landscape. The practice goes back for centuries but was truly made into an art form by the French Impressionists. Their desire to paint light and its changing, ephemeral qualities, coupled with the creation of transportable paint tubes and the box easel—the precursor to the plein air easels of today—allowed artists the freedom to paint “en plein air,” which is the French expression for “in the open air.” -*The Artist Network*

Join us every first and third Friday of the month to hear the birds, breathe fresh air and make art!

Off the Wall!

Team Cargil, of Newnan, has been privileged to share the stunning works of students in the Newnan High School art program for the last seventeen years.

Work from all the art classes were submitted for acceptance into the show in which fourteen were selected.

Each painting that placed was beautifully and professionally framed by Cecelia Hilton, owner of Fine Lines Art & Framing in Newnan.

The show ran for the last year and was on display in the Cargil offices. When the show is taken down, students are given back their work, framed and ready to enjoy in their homes.
