

December 29, 2020

We are excited to announce that classes at North Shore will resume on Monday, January 4! We cannot wait!

All registrations prior to our state mandated "pause" are still active, and your student's spot in class has been held. You do not have to re-register for classes. **If you are NOT currently registered for classes, it's never too late!** [CLICK HERE](#) to join in the FUN at North Shore and register for a class TODAY! *If your preferred class day or time is full, please request a spot on a waitlist.

Not only are we kicking off 2021 back in the gym, but also with a fresh new look! We have launched a beautiful new website and we can't wait for you to check it out, and see all that North Shore has to offer www.northshoregym.org - [CLICK HERE](#)

In order for us to re-open and resume running classes, we must adhere to the following guidelines set by the MDH regarding youth sports:

- Masks must be worn by athletes throughout class. If an athlete feels the mask will hinder them from safely taking their turn, the athlete may slide down their mask to take their turn. Upon completion of his/her turn, the athlete must slide their mask back on.
- Spectators are not allowed; however, this does not prevent a parent, guardian, or support person from being present if necessary due to a participant's age, disability, or medical condition. Each family can make the necessary decision if a parent needs to be present during a class. If so, masks and 6 feet social distancing are required.

We understand this may not be ideal for everyone but appreciate your cooperation and support in following these rules so we can stay open, continue to offer classes, and keep our students and staff safe & healthy.

Words cannot express how thankful we are to all our North Shore families and members of the community for the continued support throughout these crazy, uncertain times. THANK YOU for sticking with us!

We cannot WAIT to see everyone back in the gym next week!
