

TEAM	PLAYERS	TOUR	ODDS	PREDICTIONS
MOFO	Dan Krisko Jr	MOFO	1-2	MoFo Presidents are back yo! Records will be broken! The favorites are coming off a fine season with a lot of skins, checks in the win columns and 6 packs. The field will be chasing this duo all weekend.
	Jay Latreille			
BUSH CHIPPERS	Elliott DeJong	MOFO	3-1	Elliott claims Stonehouse will be carrying his clubs by the end of the weekend. 'Do something' will be heard by the 2nd round. I don't know Al but it might a '0' shots used this weekend. Top 3 MoFo is predicted.
	Al Stonehouse			
STARSKY AND HUGGY BEAR	Nathan Gooch	MOFO	5-1	From what I hear, Starsky may have a chauffeur and caddy all weekend long. Huggy the Bear may even have to serve at the motel. More millennials that may have to pace themselves and learn how to drink, smok and play the game. Top 3 MoFo.
	Kyle Corrigan			
BLACK PANTHERS	Steve Bryan	MOFO	8-1	Not sure if named after the super hero or the terrorist group. But if Steve is nightmare free on the weekend, they may have a shot at 2nd place. Meh, Tony will have too much to carry so scratch that last comment. Top 6 finish in MoFo.
	Tony Bennett			
FIGHTING MARCHMEN	Darren Livesey	MOFO	10-1	I hope Livesey is shooting lights out, because the Presidents saw first hand what Boggsy can do. FM won '19 Spring in the slop, but have yet to prove they can play in good conditions. Management thinks mid MoFo Cup finish.
	Ted Boggs			
DIS AND DAT	Tom Corrigan	MOFO	12-1	Has anyone heard from Tom?? James may be solo this weekend but will end up in same position if partner played anyway. After taking a year off at MoFo, 12-1 may be generous for this couple. Could be flirt'n with KiFe on Friday.
	James Olesinki			
TIGERS WOOD	Murray Balkissoon	MOFO	23-1	Crazy RoTTAmon tore it up last year in '20 Fall while Murray sat in the cart drinking. The '20 Fall MoFo Champs are up against a tough field this year, no chance what's so ever at winning the cup again. Bottom of MoFo.
	Steve Rotterman			
SCHOONER	Jay Girdharrie	MOFO	31-1	These 2 will find themselves tucked away in the furthest room to avoid the Covid. Schooner's have really improved as a duo so faaar. Improved by 11 strokes from Spring to Fall '19, prediction is 312 final. Bottom of MoFo.
	Joe Krisko			
DIRTY SHANKS	Rob MacDonald	KIFE	Even	McMac are still looking for that long ball, it's tough to play par 4s like they are par 5s all day. Par 5s are like par 7s. Usually in the MoFo mix, these guys are being moved to KiFe due to tight MoFo. Could be KiFe Champs.
	James McCartin			
CORONA PAR-TEE	Dion Krisko Jr	KIFE	5-1	5-1 in KiFe maybe optomistic for these 2. Baby Dion cannot rely on DeJong this time around. A-a-Ron might have the answer but I'm not competely sold. 'My partner is solid' claims the Babes. Sounds fishy indeed. Anywhere in KiFe.
	Aaron Tiley			
EUROS	Dave Ireland	KIFE	7-1	Anyone needs money exchanged, today's exchange rate is \$1 CDN = \$.64 Euros. Not sure if Dave has improved in terms of partners of not. I know that he won't have a 'JackASS!' monkey on his back all weekend. Top to mid KiFe.
	Barry Gabel			
SMASH BROTHERS	Quinton Rawlinson	KIFE	10-1	Roga told his regular partner to stay home this year for a chance at the KiFe Cup. Rav is a bit upset and will stay home this fall, he will be missed by all. Suspect a mid KiFe Cup finish.
	Roger Gordon			
PAR TEE BOYZ	Rob Gooch	KIFE	18-1	The Untouchables have parted ways and Little Robbie hope's he picked up a ringer. More importantly, he's praying for a quite, mute roommate for instant napping. Mid to bottom KiFe, depends on napps.
	Rolind Okerlund
