

MR02 General Purpose Respirator Mask

FDA White Listed, FFP2 Certified, KN95 Certified, CE approved | MR02

**Protect yourself and
your community**

Make breathing easier and safety more comfortable.

Five-layer Filtration Technology

Filtration Efficiency Greater Than 95%

HIGHLIGHTS

The MR02 is FDA white listed, N95 equivalent, respiratory protective device designed to achieve a very close facial fit and very efficient filtration of airborne particles. Reduces wearer's exposure to particles including small particle aerosols and large droplets (only non-oil aerosols).

KEY FEATURES

- FDA White Listed as N95 Respirator Replacement
- Single use only
- Tight-fitting
- Fluid Resistance
- Adjustable Aluminium nose clip for better fit.
- Lightweight construction promotes greater worker acceptance and may help increase wear time.
- Staped headbands
- Filters out at least 95% of airborne particles including large and small particles.

DESCRIPTION

If worn properly, a respirator mask is meant to help block large-particle droplets, splashes, sprays, or splatter that may contain germs (viruses and bacteria), keeping it from reaching your mouth and nose. Masks may also help reduce exposure of your saliva and respiratory secretions to others.

Manufacture Date: Refer to the certification label.

PACKAGING
1 piece per bag
20 bags per box
60 boxes per carton
