

# ASHBURN 3000 RI

## Features & Benefits

- Concentrated-Heavy Duty
- Multi-Purpose
- Excellent Rust Protection
- Water Soluble

## RUST INHIBITOR

### PRODUCT DESCRIPTION

**Ashburn 3000 RI** is a heavy duty, multi-purpose, synthetic, water soluble rust and corrosion preventative designed to prevent rust on the machine tool and the work piece. This product provides excellent in-process rust protection and leaves a soft non-tacky residue.

It will provide 12 to 18 months of indoor rust protection. The **Ashburn 3000 RI** can be used straight or diluted up to 50:1 with water depending on the rust protection requirements. Parts protected with **3000 RI** can be welded or painted over.

**Ashburn 3000 RI** can also be used as a parts cleaner to remove dirt, grime and oil from metal surfaces while providing corrosion protection.

### TYPICAL ANALYSIS

WEIGHT:.....8.76 LB/GL  
 SPECIFIC GRAVITY:.....1.05  
 pH @ 5% Conc:.....9.5  
 FLASH POINT: ..... >300°F (TCC Method)  
 RESIDUE:.....Soft Film  
 APPEARANCE:.....Clear Amber Fluid

### APPLICATION

The 3000 RI can be applied by dipping, spraying, or flooding. Dilute the product 10:1 with water for heavy-duty applications, 15:1 - 25:1 for moderate applications, and 30:1-50:1 for light duty applications.
