LIMITED BENEFIT HOSPITAL CONFINEMENT INDEMNITY INSURANCE

OUTLINE OF COVERAGE (Applicable to Policy form MB3000, including state abbreviations where used.)

BENEFITS PROVIDED ARE SUPPLEMENTAL AND NOT INTENDED TO COVER ALL MEDICAL EXPENSES.

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE. If you are eligible for Medicare, review the Guide To Health

Insurance for People with Medicare available from the company. Premiums vary depending on your level of coverage.

Read your policy carefully. Your outline provides a very brief description of the important features of your policy. This is not an insurance contract and only the actual policy provisions will control. The policy sets forth in detail the rights and obligations of both you and us. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

Renewability. Your policy is guaranteed renewable as long as you pay the premiums when they are due or within the grace period. The premium can be changed only if we change it on all policies of this kind in force in the state where the policy was issued.

Limited Benefit Coverage. Your policy does not provide coverage for basic hospital, basic medical-surgical or major medical expenses.

Benefits

Hospital Confinement Benefit Amount: \$_____ per confinement

We will pay this benefit if any covered person incurs charges for and is confined due to a covered accident or covered sickness. The confinement to a hospital must begin while the policy is in force.

We will pay this benefit once per confinement. If a covered person is confined and is discharged and confined again for the same or related condition within 90 days of discharge, we will treat this later confinement as a continuation of the previous confinement. If more than 90 days have passed between the periods of hospital confinement, we will treat this later confinement as a new and separate confinement.

Outpatient Surgical Procedure Benefit

Tier 1 Surgical Procedures \$_____ per covered procedure

Tier 2 Surgical Procedures \$_____ per covered procedure

Calendar Year Maximum \$_____ per covered person for all covered surgical procedures combined

We will pay this benefit if any covered person incurs charges for and requires a surgical procedure due to a covered accident or covered sickness, and he is not confined in a hospital at the time of the procedure. The procedure must be performed by a doctor in a hospital or ambulatory surgical center. We will pay this benefit once per covered outpatient surgical procedure. We will pay this benefit for only one outpatient surgical procedure performed at the same time even if caused by more than one accident or sickness. In that event, we will pay the benefit that has the highest dollar value. The surgical procedure must occur while the policy is in force.

Ambulatory Surgical Center means a place which:

- is equipped for surgical procedures performed by qualified physicians;
- provides anesthesia administered by a licensed anesthesiologist or licensed nurse anesthetist; and
- has written agreements with local hospitals to immediately accept patients who develop complications.

Surgical Procedure means the cutting into the skin or other organ to accomplish any of the following goals:

- | | | |
|---|---|---|
| • further explore the condition for the purpose of diagnosis; | • remove an obstruction; | • implant mechanical or electronic devices; |
| • take a biopsy of a suspicious lump; | • reposition structures to their normal position; | • repair an area that has been injured or affected by trauma, overuse, or disease; or |
| • remove diseased tissues or organs; | • redirect channels; | • restore proper function. |
| • remove diseased tissues or organs; | • transplant tissue or whole organs; | |

The following will not be considered a surgical procedure for the purposes of the policy:

- | | | |
|---------------------------------|--------------------------------|--------------------------------------|
| • Venipuncture (drawing blood); | • Epidural steroid injections; | • Foreign body removal from the eye. |
| • Lumbar puncture; | • Removal of skin tags; or | |

To determine the amount payable for a surgical procedure, locate the procedure in one of the tiers shown in the Surgical Schedule below and refer to the benefit amount on the Policy Schedule for the tier in which the procedure appears.

If the specific procedure is not listed in the Surgical Schedule, we will use the Current Procedural Terminology (CPT) Code provided by the covered person's doctor and a current relative value scale to determine the tier of the procedure.

We will pay for only one surgical procedure for the same covered accident or covered sickness in a 90-day time period. If a covered person receives a subsequent surgical procedure for the same covered accident or same covered sickness, we will pay an additional benefit only if the subsequent procedure was performed more than 90 days after the last covered procedure was performed.

We will pay no more than the Calendar Year Maximum for the Outpatient Surgical Procedure Benefit shown.

If any covered person has an outpatient surgical procedure and is confined as a result of complications from the surgery within 90 days following the surgery, we will pay only the Hospital Confinement Benefit and not pay the Outpatient Surgical Procedure Benefit.

If we have already paid the Outpatient Surgical Procedure Benefit, we will deduct the Outpatient Surgical Procedure Benefit amount paid from any Hospital Confinement Benefit that is payable.

We will pay this benefit if any covered person incurs charges for and is transferred to a rehabilitation unit immediately after a period of hospital confinement due to a covered accident or covered sickness. We will pay the amount shown for each day of confinement in a rehabilitation unit, up to the maximum number of days shown.

Confinement to a rehabilitation unit must begin while the policy is in force.

Waiver of Premium Benefit After you have been confined to a hospital due to a covered accident or covered sickness for more than 30 continuous days while the policy is in force, we will waive the premium for the policy and any attached riders for as long as you remain confined to a hospital or rehabilitation unit.

You must send us written notice as soon as you are no longer confined to a hospital or rehabilitation unit. We will assume you are no longer confined to a hospital or rehabilitation unit if:
