LPNOVA Supports Young Americans for Liberty Removals

On behalf of LPNOVA I would like to express our appreciation for Young Americans for Liberty (YAL) finally taking the steps to remove people from leadership positions whose ethical behaviors are called into question. We take seriously allegations of sexual misconduct at all levels. Unfortunately, sexual harassment had plagued the liberty movement for quite some time and it's great to see organizations taking steps to prevent further harassment. We strive to be an organization that embodies trustworthiness and justice for its members and to that end we will keep the identities confidential of anyone who is a victim of sexual harassment.

This is an uncomfortable situation, and no one should fear coming forward. LPNOVA has been making a conscious effort to make sure everyone feels comfortable attending our events. We do not condone any form of harassment, sexual or otherwise. We hope to continue to be a safe and welcoming environment. I and the rest of the board are here to listen and support anyone who had been put in an uncomfortable or inappropriate situation. Please don't hesitate to reach out with any concerns. I would urge you to join LPNOVA in condemning sexual harassment in the liberty movement.

Karrington Greenlee
Fairfax County Vice Chair
Libertarian Party of Northern Virginia

The Libertarian Party of Northern Virginia is the local chapter of the Libertarian Party, America's most successful third party. Our local chapter runs candidates for political office and pushes for policy changes in the City of Alexandria, Arlington County, City of Falls Church, Fairfax County, the City of Fairfax, and Loudon County.
