What Size Am I?

Milla Nova wedding gowns fit true to size.

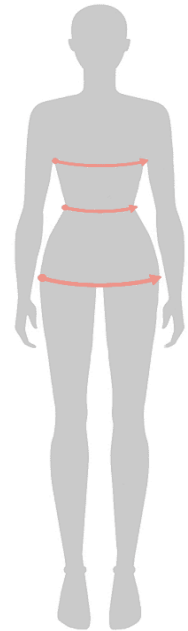

To determine your size, you will need the following:

- 1) a soft measuring tape
- 2) someone to assist you

We recommend taking your measurements in your undergarments for the most accurate sizing.

The measurements you will need are:

- Bust** While wearing an unpadded bra, measure around the fullest part of your bust so that the tape fits comfortably and not too snug.
- Waist** Measure around the thinnest part of your waist where you naturally curve inward.
- Hips** Measure at your lower hip where your measurement is the largest. Make sure the tape is not too tight.

If you are measuring at different sizes, please order your gown in your largest size.

For example, your Bust measures 78 cm (size 4), Waist 72 cm (size 8), and Hips 102 cm (size 10), you should order size 10. Your gown will be made to fit perfectly during your dress alterations.
