

## *Jillian Rotzenberg, LPC-IT*

Jillian was the first member of the support team at GJB Health Services. Jillian completed her master's program last year and is now a Licensed Professional Counselor in Training.

In Wisconsin, 3000 hours of supervision are required to complete licensure requirements; once completed, Jillian will be a fully licensed Professional Counselor.

Jillian has filled almost every role at GJB Health Services, including Office Manager, and will continue to help with various support team needs as her client case-load continues to increase. Currently her role is largely clinical in nature.

Jillian, and the rest of the LPC-ITs, provide therapy on a sliding scale; determined by income. Most clients pay \$75.00 for the initial session and \$50.00 for subsequent sessions. Jillian has a special affinity for working with the families of men and women who have served in the armed forces. Jillian also works with couples.
