BIG SUNDAY

Big Sunday connects people through helping.

We believe that absolutely everyone has some way that they can help somebody else. That's why we produce or promote more than 2,000 giving-back events annually.

Even better, each year we engage, empower and unite more than 50,000 people of all ages, races, religions, means, sexual orientations and political bents to celebrate what we share, while making the world better for one another.

We hope you can join us. After all, we're all in it together.

From Y.B., a young single mother and former foster youth who was about to be evicted. The Big Sunday community came to her aid through our Emergency Fund to pay her rent:

" I would like to thank Big Sunday. My daughter and I were facing homelessness. For the past two months, I was focused on daily survival. Your help gave us the extra boost we needed to focus on the future. I recently received a job offer that will give us financial security. She will be starting school on Monday. Thank you all for being here to help before we fell in the cracks. "

THURSDAY, MARCH 14, 2019

6:30 PM - 9:30 PM
